SIMPLIFY YOUR MOVE-IN

Are you prepared for move-in day? With Collegeboxes’ “Ship to School” service, you can ship your belongings directly to your room at SDSU. Go to www.collegeboxes.com and select “Ship to School” to sign up and order your supply kit. The deadline to order supply kit is August 1, 2019. Items will be delivered and stored in your room ready to unpack on move-in day.

MOVE-IN GREEN

Tips to help you and the environment

ONLY BRING WHAT YOU NEED
Remember what’s moved in must be moved out at the end of your License Agreement. Only bring what you need to avoid having excess in shared spaces.

WAIT ON BIG PURCHASES
To avoid buying items you won’t use, wait until you move in for bigger purchases. Evaluate your space to determine what will fit and what will not. Remember to consider size and space when packing.

SHARE WITH A ROOMMATE
By sharing large or disposable items with a roommate you will not only cut down on your waste but will also decrease move in expenses and leave more free space.

DITCH CARDBOARD
To minimize waste, pack your items in containers that must also be taken such as storage bins, laundry baskets, dufflebags/suitcases. If you do use boxes, consider saving them to be reused at move-out or recycle them in the bins outside of each residential building.

SUSTAINABLE SDSU
SDSU is committed to sustainability and we have created an eco-friendly initiative to reduce energy usage and waste in our residential communities. Events include the Recyclemania competition to reduce our carbon footprint and increase recycling efforts, and the Give It Up program that collects over 4,500 lbs of food and 17 tons of reusable goods for community members in need.

Interested in joining our sustainability initiative? Sign up to hear more information, make a difference or even volunteer with us at https://housing.sdsu.edu/about_us/sustainability.aspx.
